

Goodbye 2011,

Hello 2012!

WHERE ARE THE NEW JOBS COMING FROM?

Sustainable Development Gold Coast Inc. invites you to sit down to a hearty AGM business breakfast, celebrate some hard won achievements and help us convince politicians we don't want platitudes, we want the real deal on jobs.

Give Gold Coast expertise a fair go!

What actions can we take now to ensure the State Government doesn't bypass local consultants and companies from the Games infrastructure development?

GUEST SPEAKER

JASON WARD, the government appointed Communications & Stakeholder Director of GoldLinq that manages the \$1 billion first stage of the Gold Coast Light Rail project sheds fresh light on the evolution of new infrastructure which may result from winning the 2018 Games Bid. An open discussion will follow about how local consultants could find jobs from the infrastructure boost. We need to ensure our politicians know we demand a fair go.

*End platitudes,
deliver us skilled jobs!*
